

Special care to be taken by the supervisors while approving Ph.D thesis

Please take special care to ensure the following while approving Ph.D. thesis:

1. The title of the thesis (in both Hindi and English) is exactly as approved by the PG Research Board.
2. The thesis should be as per the format approved by the university.
3. The candidate has carried out research work as per synopsis approved. A copy of synopsis is normally sent to the Ph.D. examiner.
4. The candidate has published at least one research paper with the candidate as first author in a peer reviewed research journal approved by the university.
5. The content in the thesis is written by the candidate and not copied (plagiarized) from any other source. All work cited are properly acknowledged by references. Please note that the Ph.D. thesis will be published on the university web site as per UGC regulation.
